### ABOUT ME

My first exposure to Data was in 2009 working for the United Nations High Commissioner for Refugees (UNHCR) in India. Our task as a team was to study and collect data on HIV transmission in the refugee community. In the other project, I and my team were assigned to study and collect data to adjust the refugee's Financial Aid to compensate for the inflation.

I am a Resourceful and Enthusiastic team player and a problem solver. Eager to learn and I am not afraid to ask for help. I am reliable with a good attitude, and I have a passion for coding.

### EXPERIENCE

#### DATA ANALYST APPRENTICESHIP

Nashville Software School | Nashville, TN Jan 2022 – Present

**Full-time intensive, project-based training in data analytics using business intelligence and visualization tools.**

- Hands-on training in SQL, python,
- Power bi, tableau, and excel
