- GitHub • PG Admin • Python • Tableau • SQL • Power BI • Excel •

### PROFESSIONAL EXPERIENCE

#### Nashville Software School, Nashville, TN

8/2021 - Present

Data Analytics Apprentice

Applied business intelligence and analytics tools to support local businesses and government entities with up-to-date data analysis and visualization projects.

- **Nashville City Cemetery:** Analyzed cemetery data with Excel; presented findings via pivot tables and charts.
- **Nashville Metro PD:** Received an Excel data set comprised of dispatch call metrics. Identified areas for the department to focus additional support for requested community needs.
- Utilized Excel, Tableau, SQL, and Power BI to create data models and data visualization tools for a wide range of datasets, including demographics, sports, customer reviews, and employment statistics.

#### Drobocky Orthodontics, Bowling Green, KY

2/2020 – 8/2020

Sterilization Technician & Office Administration

- Trained new hires on patient engagement, sterilization techniques, back-office operations, and safety.
- Supported Clinical Assistants in daily operations, ensuring a positive patient experience.

#### Link Elite Training, Bowling Green, KY

6/2015- 2/2020

Personal Trainer & Coach - Certified Vertimax Trainer

- Designed and delivered individual and small group fitness programs, providing inspiration and strategies to foster healthy lifestyle decisions.
- Ensured client results by researching individualized workout plans that were challenging, sports specific and targeted to an individual or group goals and outcomes.

#### Scott and Murphy I Bowling Green, KY

5/2018 –

1/2019

Concrete Laborer

- Utilized critical thinking skills and hands-on learning acumen to work safely and efficiently while operating heavy equipment, reading and adjusting building plans to finish jobs on time and budget, or pouring a retaining wall within 1/32" of the building plan specifications.

### CERTIFICATIONS & EDUCATION

**Data Analytics Jumpstart**, Nashville Software School

**2021**

**Data Analytics Bootcamp Certification**, Nashville Software School

**2021**

**Capstone Project:** Utilized Tableau and Python to review UFC data sets compiled from an API internet data scrape analyzing UFC fight metrics from inception to current state.

**Western Kentucky University, Sports Psychology & Kinesiology, Bowling Green, KY**

**2016 - 2018**
